

KIANI

Lolium perenne

- Exceptional disease resistance
- Good yield
- Excellent persistence

Rust resistant and high yields

KIANI has a top rust resistance on the recommended list in the Netherlands. In addition, it shows a high persistence. This combination of high disease resistance, high persistency and good yield in the second cut is unprecedented in the Netherlands

Persistence

Also for persistence, Kiani ranks very high in Holland.

Technical Specifications

- Perennial ryegrass
- Healthy and persistence
- Listed/recommended in EU NL

Ratings

Scale 1-9, where 9 = best or most pronounced
